Message from the President

Dear Students,

Welcome to another year at Dixie State College - one of the state's fastest growing institutions. We are excited to have you joining us for the 2010 – 2011 academic year and are confident that you will begin to discover your destiny as you pursue your academic goals and dreams. We continue to make rapid progress in new degree offerings, including new bachelor’s degrees in Psychology, Theater, and Clinical Laboratory Science. These new degrees bring our total number of bachelor’s degree offerings to 16. We have also received new associate degree offerings in Operations Management and Clinical Laboratory Science, as well as a new emphasis in Criminal Justice. Also available to our students are a wide array of academic programs that are joint partnerships with other institutions, as well as a number of certificate and applied science degrees. Whatever your goals, you have made a wise choice to pursue your education, thereby improving your marketability and earning power in the competitive world in which we live.

While these are challenging times, our faculty are committed to help you prepare to meet the opportunities which lie ahead and to thrive in an uncertain world. So make the most of the time you will spend on campus this new academic year. Study hard. Play hard. Make new friends. And make the most of your experience at Dixie State College. We hope you will leave with great memories, a more marketable you, red sand in your shoes, and a better understanding of the Spirit of Dixie. Good luck!

Sincerely,

Stephen D. Nadauld, Ph.D.
President, Dixie State College of Utah

Mission Statement Summary

Dixie State College is a publicly supported institution of higher education that strives to enrich its community and the lives of individual students by providing associate and baccalaureate degrees and certificates, by fostering lifelong learning, and by sponsoring activities and events that meet the educational and cultural needs of its regional constituents. Dixie State College accomplishes these objectives directly by delivering excellent teaching in a learning environment recognized for its personal relationships, values, service, diversity, and open access, and by creating strategic partnerships for learning opportunities.

Dixie State College of Utah is accredited by the Northwest Commission on Colleges and Universities.
